

Sunrise Preschool Field Trip Information

There are usually two or three field trips scheduled for each year. They are a favorite with the children and can be fun for parents too, if we share driving responsibilities.

Safety and our insurance require that each child wear a seat belt, and the law requires all children under 6 years of age or weighing less than 60 pounds to be properly secured in a child car seat. Children may not ride in the front seat of cars that have passenger side airbags. Some children can fasten their own belts, but do check to be sure that they are secure. On the day that you drive, do not bring other children with you. Your full attention is needed for the preschool children.

Parents who do not have cars with seat belts and those who do not feel comfortable driving for field trips will be expected to accept responsibilities in other areas. Volunteers, babysitters or nannies may not drive on field trips unless approved by the Preschool Board of Directors no later than one week prior to the field trip. Thank you for your cooperation.

Pre-K 3 class _____

Pre-K 4 class _____

Parent Name _____ Phone _____

Number of seat belts in your car (don't count driver) _____

Do you have liability insurance? _____ Amount of coverage _____

Comments: (car has no seat belts, you are not comfortable driving, days you are unavailable to drive, etc...)
